Openings:

Summer: From the beginning of June until the middle of October

Winter: From the middle of December until the middle of April

- Camping with nice atmosphere, plenty of sunshine on 1697 m a. S.
- Close to the Swiss national park
- Good connections to the winter sport facilities
- Direct access to the cross country slopes
- Good accessibility also during winter time (Campground is cleared)
- Modern lavatory installations with a heating system by the floor
- Free WI-FI on the whole campsite
- Community BBQ place etc.

Madulain, a small, quiet village situated between Zuoz and La Punt in the Upper Engadine, offers everything necessary for a restful vacation, far away from the crowds and the hectic everyday life. Those who have already stayed in Madulain appreciate the benefits of being able to stay in a peaceful, picturesque place yet at the same time enjoy the many events that are going on in the Engadine region. Guests can go on mountain hikes, observe wild animals in the nearby Swiss National Park, carry out all kinds of sports including mountain biking, undertake excursions in the neighboring regions, participate in cultural events, discover the culinary variety the region has to offer, or just let them go by the sweetness of not doing anything! All of the winter sport facilities for skiing or snowboarding can be comfortably reached by Rhaetian Railway, by bus or by car. The cross-country ski trails, the toboggan run and the natural open-air ice-skating rink are all nearby. The campsite is well equipped, has a friendly ambiance and is situated just beside the small train station on a terrace with plenty of sunshine. Our well maintained campground has modern sanitary installations, including under-floor heating and washing and drying facilities. The campground is equipped with: 10 Amps. electricity sockets (CEE/blue) on the whole campground, a community BBQ place (including in winter) and a waste discharge point. A wireless internet access (WI-FI) free for our guests covers the whole of the whole of the campsite. PODHouses and inhabitable wine barrels as sleeping quarters are available for rent.

We look forward to your visit!
